

Annual fee information 2021-22

Provider name: Riverside College

Provider UKPRN: 10002863

This template needs to be completed by any provider **already holding** an access and participation plan for the 2021-22 academic year. If you are seeking to upload a new access and participation plan a separate fee information document is available on the 'Access and Participation Plan 2021-22 Fee Information document' page on the portal. The fee information submitted in this template will be used to ensure that regulated course fees do not exceed the fee limit conditions set by the OfS, in accordance with the Higher Education and Research Act 2017.

Please note that tables 2 and 3 have been pre-filled with fees submitted as part of your provider's 2020-21 access and participation plan. This pre-filled information will be accurate as of 10 September 2020 and may include variations you have submitted to your 2020-21 fees that have not yet been approved by the OfS. Please check the pre-filled information thoroughly and amend where necessary to ensure that the fees are accurate and comprehensive for the 2021-22 academic year. Some cells are calculated based on the data you enter, so do not need to be completed; these are highlighted in yellow.

If no changes are needed to the pre-filled information, the sign off sheet must be completed and the template uploaded as confirmation.

Please contact AFI@officeforstudents.org.uk if you have any queries.
