HIGHER EDUCATION COURSES

Stay Local, Go Far

WELCOME

to your course guide

Welcome to Riverside College's course guide for pre university and university level courses.

At Riverside College we recognise the benefits of students completing their higher education course closer to home.

With the convenience of a local college and outstanding value for money, alongside a distinctive education experience which provides outstanding results, our students are able to achieve their potential and progress in their chosen career.

Our inspiring tutors offer a high level of study support, you will be stretched and challenged academically whilst developing cutting-edge professional skills to ensure you stand out when applying for employment or promotion.

"I CAN'T SING YOUR
PRAISES ENOUGH;
YOU TRULY ARE THE BEST.
NEVER EVER DID I BELIEVE
I WOULD HAVE BEEN
ABLE TO COMPLETE A
UNIVERSITY COURSE!
MY HEAD HAS HURT FROM
THINKING AT TIMES,
IT CHALLENGED ME
BEYOND BELIEF, AND I
DOUBTED IF I COULD DO
IT BUT THANKS TO YOU, I
GOT THROUGH IT."

WHY A HIGHER EDUCATION QUALIFICATION?

At Riverside College our Higher Education qualifications are designed to enhance career prospects, support progression and promotion, and increase earning potential. They also offer you the opportunity for a complete change of direction.

Picture
yourself in
five or ten
years time

What will you be doing?

Primary teacher?
Web Designer?
Counsellor?
Design Engineer?
Health Service Manager?
Sports Coach?

What will you be earning?

If you want to progress or change your career a degree level qualification could increase your progression and earning potential and give you greater job satisfaction. **Employees with a degree can earn on average £10,000 more per year!***

WHY CHOOSE RIVERSIDE?

The top reasons

There are so many reasons to choose Riverside College for your Higher Education course. Here are the ones our students say are the most important:

Outstanding Results

Students achieve outstanding results with us. In 2021, 47% of our Bachelor Degree graduates were awarded First Class Honours

Stay local, go far

Our undergraduates recognise the many practical benefits of staying close to home and completing their qualification locally.

Less debt

Our fees are lower than universities: meaning that you can complete your qualification with less debt but without compromising on quality.

Access to tutors

Our small class sizes mean students get more contact time and support with our experienced teachers.

Bursary gift

A bursary of £500 for all eligible first year full-time higher education students (Sport, IT and Health and Social Care).

Studying and working

We ensure that our students have a good study/work/life balance. We do this by timetabling our courses over as few days as possible.

Graduate in style

All our HE students have a graduation ceremony either in the breath-taking Trentham Gardens (for Staffordshire University students) or in an impressive local venue.

£20 million investment

NEW designated study areas for Higher Education students and facilities including: Clinical Practice Ward, Social Care rooms and specialist engineering, digital and sports laboratories.

QUALITY

The Higher Education National Student Survey 2021 revealed that nationally 75% of Higher Education students were satisfied with their course, while Riverside College received a higher rate of 78%. In addition, **the college received a 90% satisfaction rate for tutor contact and accessibility**, 9% above the national average and a 82% satisfaction rate for valuing students views and opinions, significantly above the nations average of 69%.

PARTNERSHIPS & STAFFORDSHIRE UNIVERSITY

Staffordshire University

Riverside College is proud to be a franchised partner of Staffordshire University, a higher education institution based in Stoke-on-Trent and Stafford. This is great news if you're a student looking to study one of our partnered courses at an advanced or degree-level, as you'll get the best that both Riverside College and Staffordshire University have to offer, including an invite to the highly-regarded Staffordshire University graduation ceremony when you graduate.

Our long-standing partnership with Staffordshire University sees our current students sitting among a global network of over 15,000 enrolled students and connects our College with a huge number of education institutes around the world. The connections we make through and with Staffordshire University are constantly influencing our teaching practices and are creating new opportunities for students in-line with their commitment to graduate employability. As an award-winning institution, Staffordshire University are among the top 15 in the UK for both Teaching Quality and Social Inclusion (The Times and Sunday Times Good University Guide 2022), so it's an exciting time to be sharing the benefits of our partnership with you as students.

Staffordshire University promotes opportunities for their students to 'Be The Change' and become innovative change-makers that make a professional impact on the world – and with a partnership course at Riverside College, you'll get the chance to become just that.

Quality Assured (QAA)

The Quality Assurance Agency for Higher Education (QAA) confirm the quality and standards of provision of Higher Education at Riverside College. Good practice was reported in relation to the effective integration of all student support services to enable students to develop their academic, personal and professional potential.

Shaping Futures

Riverside College are part of Shaping Futures, an outreach programme for the Liverpool City Region. Shaping Futures deliver a programme of activities designed to raise aspirations and provide impartial HE information, advice and guidance to local 14-18 year old learners, to support them in fulfilling their educational potential.

CELEBRATING GRADUATION

Student success and celebrating students achievements is extremely important to us. All of our Higher Education students have the opportunity to celebrate their achievements at the annual Riverside College Graduation Ceremony. In addition, every student who graduates on a course which is awarded by Staffordshire University will also be invited to graduate at Staffordshire University.

STUDENT FINANCE

Pre-University Courses

For information about fees, funding and loans relating to our Pre Higher Education courses please go to our website at

www.riversidecollege.ac.uk/fees

Higher Education Courses

Tuition fee loans make gaining a degree much more affordable than you may think. Riverside College supports students to access quality, local higher education in the most affordable way.

Student Loans

Loans are available for all first time full and part time undergraduates if required. You won't have to repay anything until you're earning over a certain amount, which is currently £27,295 a year. If you earn less than that you won't repay anything. If you're earning more than that, the Student Loans Company will work out your repayments at 9% of your income over that amount.

For more information visit

www.gov.uk/repaying-your-student-loan

Other Financial Support

There are many other opportunities to gain help with your finances. For further information on those listed below, please go to the Student Finance website,

www.gov.uk/student-finance

Just a few of these are listed here:

- > **Maintenance Loans**
- > **Disabled Students Allowance**
- > **Parents Learning Allowance / Childcare Grant**
- > **The Adults Dependents Grants**

To find out what support you could be eligible for, please email our Admissions Team.

HIGHER EDUCATION QUALIFICATIONS EXPLAINED

Higher National Certificates (HNCs) and Higher National Diplomas (HNDs) are more practical than a traditional degree which means that you will gain valuable skills for the workplace. By choosing the HNC/HND route to achieve your higher education qualification you can benefit from developing employability skills to prepare you for a new career or to help you to progress in your current work.

A Foundation Degree is a Level 5 qualification - equivalent to the first two years of a degree level programme - that combines work based learning and academic study.

A Top-up Degree provides the opportunity to build on your HND or Foundation Degree and receive an Honours Degree by completing a final year of study.

Teacher Education courses are available to study on a part-time route over 2 years. The Certificate in Education and Post-Graduate Certificate in Education (PGCE) qualifications at Riverside College provide a thorough introduction to teaching within the Further Education and Skills Sector. You may also be able to undertake your teaching experience at Riverside College.

Higher Apprenticeships allow you to develop your skills to the highest standard and achieve qualifications at Level 4 and above through a mix of on and off-the-job training.

For more information please visit www.riverside.ac.uk

HIGHER EDUCATION COURSES

The table below details the courses available.

Level	Engineering	Duration	Days/Evenings Per Week
4	HNC in Engineering	2 years	1 afternoon and evening
4	 HNC in Construction and the Built Environment	2 years	1 afternoon and evening

* Awarded by Staffordshire University

ENGINEERING

HNC in Engineering

Start Date: September

Duration: 2 years

Days/Evenings per week: 1 afternoon & evening

Entry Requirements:

64 UCAS points, made up of a combination of the following:

- Level 3 qualification in a relevant subject e.g. BTEC Extended Diploma in Engineering.
- AS maths or level 3 equivalent.
- GCSE maths and English at Grade C/4 or equivalent.

Careers in Engineering

Employers place a high value on individuals who possess a Higher National Certificate (HNC) and it can open up higher level jobs within the industry or lead directly to a pay rise or a promotion with your current employer. Completion of the course may also lead to further study on a HND or degree programme in Engineering.

This is a specialist work related qualification that covers all of the key knowledge, understanding and practical skills required in the engineering sector. It is considered nationally by employers to be one of the benchmark qualifications for the industry. This qualification provides the education and training for engineers and technicians who are either employed at or are aspiring to work at a professional level in a variety of engineering roles.

Start Date: September

Duration: 1 year

Days/Evenings per week: 1 day

Entry Requirements:

- Candidates must have studied and successfully completed the HNC Engineering (RQF).
- GCSE maths and English at Grade C/4 or equivalent.
- Completion of a pre-course bridge assessment (where appropriate).

HND in Engineering

The Higher National Diploma in Engineering is a one-year specialist work-related course, to allow you to top up your HNC Engineering (RQF) to a HND. At Riverside College, we offer two specialist pathways:

Higher National Diploma in Engineering
(Mechanical Engineering)

Higher National Diploma in Engineering
(Electrical and Electronic Engineering).

The course provides greater depth and specialisation than the HNC Engineering, enabling you to develop a wide range of practical skills, knowledge and

understanding required for progression into a team leader/management position within the Engineering Sector. You will further develop confidence in problem solving and decision making to support you to take personal responsibility in a range of situations. This, in turn, will assist your career progression and professional development. Engineering project management and quality management systems feature predominantly within this programme. Both general and specialist units have been selected to enable you to develop Engineering Skills for the future, including Sustainable Engineering. Students will complete specialist projects, as well as an in-depth research project linked to their workplace (where appropriate).

CONSTRUCTION AND THE BUILT ENVIRONMENT

HNC in Construction and the Built Environment

Start Date: September

Duration: 2 years

Days/Evenings per week: 1 afternoon and evening

Entry Requirements:

64 UCAS points, made up of a combination of the following:

- Level 3 qualification in a relevant subject e.g. BTEC Extended Diploma in Construction.
- GCSE maths and English at minimum Grade 4/C.

A Higher National Certificate (HNC) in a construction discipline is considered to be one of the benchmark qualifications for the industry. Employers place a high value on individuals who possess a HNC.

This programme of study has been designed to develop higher level skills and knowledge in the Built Environment. It provides the education and training for trainees in construction and technicians who are either employed or are aspiring to work at a professional level in a variety of built environment roles.

In November 2020, the IDEA Centre was named the first "DEC National Training Centre" and "DEC Centre of Excellence" in recognition of the exemplary DEC education provided by the exceptional teaching team.

The IDEA Centre - State of the Art STEM Centre

HNC students will have access to the IDEA Centre which includes £3.6 million worth of investment and facilities including, 3D Printers and CAD/CNC equipment.

Careers in Construction

This course could lead students on to a career in construction including: Assistant Design Co-ordinator, Design & Build Co-ordinator, Construction Site Supervisor, Construction Design Technician, Site Manager, Project Manager, Health & Safety Manager, Planning Supervisor, Construction Technician, Architectural Technologist, Architectural Draftsperson, Information Manager, Architectural Technician, Architectural Designer

.....
For more information please visit www.riverside.ac.uk

Start Date: September

Duration: 2 years

Days/Evenings per week: 3 days

Entry Requirements:

64 UCAS points, made up of a combination of the following:

- Level 3 qualification in a relevant subject e.g. BTEC Extended Diploma in IT, Computing A Level.
- GCSE English and maths at a minimum of Grade C/ Grade 4 (or equivalent).

Applicants with professional experience will also be considered on an individual basis.

COMPUTING & IT

HND in Computing

There is an increasing demand for people to work in IT, software and computer services in the UK and beyond. It is fast becoming one of the most dynamic sectors, with the UK Games Industry being one of the largest in Europe.

Whether you are already working in IT and want to progress, or would like to gain a higher level qualification to kick start your career in IT, the HND in Computing will allow you to gain leading edge skills through a nationally recognised qualification awarded by Pearson. You may be able to gain industry qualifications as well as your main course.

Careers in Computing & IT

This course will prepare students for employment in a range of occupations including: e-commerce, software development, IT project management, multimedia, website development, networking and many more.

For more information please visit www.riverside.ac.uk

"MY TUTORS HAVE BEEN EXCELLENT, AND I MUCH PREFER THE SMALLER SCALE OF THE COMMUNITY WE HAVE TO THAT OF WHAT I'VE SEEN UNIVERSITY TO BE."

Riverside College HE Spring Survey 2021

Awarded by Staffordshire University

Start Date: September

Duration: 1 year

Days/Evenings per week: 3 days

Entry Requirements:

- HND Computer (Level 5) or HND Computing and Systems Development (Level 5).
- GCSE English Grade C/4 or equivalent.

BSc (Hons) Computer Science (Top-Up)

The BSc (Hons) Computer Science Top-Up will provide HND Computing Level 5 and HND Computing and Systems Development graduates with the opportunity to progress their study at an advanced level through specialist modules that are linked to potential career choice e.g. within cloud-based technologies, in internet and web management, data analytics, and network computing. The course will allow you to fulfil your potential by providing degree level Computer Science education, which is relevant, grounded in research and at the forefront of knowledge and practice.

The course will prepare you to become proficient in programming languages and system design methods and techniques. You will be able to apply your skills in most areas of a dynamic, expanding global Computing Industry (for example, e-commerce, networking, software development, IT project management, website development, systems analyst and systems design).

For more information please visit www.riverside.ac.uk

Awarded by Staffordshire University

Start Date: September

Duration: 3 years

Days/Evenings per week:

1 day or 2 evenings

Entry Requirements:

- Level 3 in Counselling and GCSE English Language at a minimum of Grade C/ Grade 4 (or equivalent).
- An enhanced satisfactory DBS check.
- Two references (one from an academic source).
- Admissions and curriculum interview

Awarded by Staffordshire University

Start Date: September

Duration: 3 years

Days/Evenings per week: 1 day

Entry Requirements:

- Level 3 in Counselling or related qualification at level 3 and GCSE English Language at a minimum of Grade C/ Grade 4 (or equivalent).
- Experience of working in an environment with children for a minimum of one year.
- An enhanced satisfactory DBS check.
- Two references (one from an academic source).
- Admissions and curriculum interview

COUNSELLING

Foundation Degree in Counselling (FdSc)

This course will provide in depth professional training in counselling skills and theory. You will also develop a sound understanding of professional, legal and ethical issues.

Work placement is an integral part of the Foundation Degree in Counselling. This focuses upon the development and application of a range of work based competences and will prepare you to make the transition from learner to counsellor. 100 supervised placement hours will be completed in years 2 and 3.

Successful completion of this course means that you will have achieved qualified practitioner status and will be eligible for employment as counsellors. Graduates may have the opportunity to complete a BSc (Hons) Counselling at Riverside College.

Foundation Degree in Counselling Children and Young People (FdSc)

The Foundation Degree in Counselling Children and Young People is an innovative programme that provides education and training for working therapeutically with children and young people from early years to young adulthood using a variety of therapeutic approaches.

Successful completion of this course means that you will have achieved qualified practitioner status and will be eligible for employment as a counsellor working with children and young people.

Graduates may have the opportunity to complete a BSc (Hons) Counselling at Riverside College.

Counselling children requires practitioners to have an in-depth understanding of child and adolescent development theory, child psychiatry, safeguarding and child protection policies.

For more information please visit www.riverside.ac.uk

Awarded by Staffordshire University

Start Date: September

Duration: 1 year

Days/Evenings per week: 1 day
(or 2 evenings)

Entry Requirements:

- A Foundation Degree or equivalent Counselling Diploma at Level 4 that consists of no less than 400 hours of training and a minimum of 100 hours of supervised counselling practice.
- Two written references, one from an academic source if possible.
- A personal statement and a GCSE Grade C/4 in English (or equivalent).

Top-Up BSc (Hons) Counselling

This course has been specifically designed for counsellors who are already qualified to Diploma or Foundation Degree level. It provides an opportunity for you to deepen your knowledge of counselling theory and practice and to develop expertise in areas of specific interest.

To achieve the BSc (Hons) Counselling Degree you need to demonstrate a high level of academic competence. This will be achieved through written assignments and the completion of a research dissertation which explores a topic of your choice.

Foundation Degree in Counselling (FdSc) - 3 years

Foundation Degree in Counselling Children & Young People (FdSc) - 3 years

Top-Up BSc (Hons) Counselling - 1 year

Careers in Counselling

As a fully qualified practitioner, graduates will be equipped to gain employment as professional counsellors in this growing industry. Successful graduates may also wish to set up their own professional counselling practice.

For more information please visit www.riverside.ac.uk

Awarded by Staffordshire University

Start Date: September

Duration: 2 years

Days/Evenings per week: 2 ½ days

Entry Requirements:

64 UCAS points, made up of a combination of the following:

- Level 3 qualification in a relevant subject e.g. BTEC Extended Diploma in Health and Social Care. A Levels in related subjects such as Health and Social Care, Biology and Social Science.
- GCSE English at a minimum of Grade C/ Grade 4 (or equivalent).
- A letter from an employer or unpaid work experience provider to confirm that the applicant has access to 70 hours of paid or unpaid work experience in Year 1 and 70 hours in Year 2.
- A current satisfactory enhanced DBS.

HEALTH AND SOCIAL CARE

Foundation Degree in Health and Social Care (FdSc)

This course offers you the opportunity to develop core transferable skills and knowledge relevant to health care, social care and public health to enable you to gain employment in an area of your choice.

Employability skills are embedded throughout the award, with a clear focus on how the modules you study can be applied to the workplace. You will be expected to undertake paid or voluntary work experience in a related healthcare setting throughout the duration of the course.

For more information please visit www.riverside.ac.uk

"MY COURSE WORKS WELL WITH MY WORKING COMMITMENTS, AND I HAVE GOOD WORK LIFE BALANCE. MY TUTORS ARE VERY HELPFUL, AND I FEEL SUPPORTED ALL OF THE TIME."

Riverside College HE Spring Survey 2021

Awarded by Staffordshire University

Start Date: September

Duration: 1 year

Days/Evenings per week: 2 days

Entry Requirements:

- Successful completion of the Foundation Degree in Health and Social Care at a Staffordshire University partner college or HND in Health and Social Care enables you to progress directly onto the BSc (Hons) Health and Social Care course.
- GCSE English at a minimum of Grade C/ Grade 4 (or equivalent).

Top-Up BSc (Hons) Health and Social Care

This year long course offers students with a level 5 qualification the opportunity to top up your qualification to a full bachelor's degree.

Throughout your studies you will be taught by friendly, knowledgeable teachers who have been employed in either health or social care and are well equipped to help you relate your study topics to current policy and practice.

Foundation Degree in Health and Social Care (FdSc) - 2 years

Top-Up BSc (Hons) Health and Social Care - 1 year

Careers in Health and Social Care

Students can progress into many different careers within the health and social care industry including working in research centres, public health, health promotions, NHS support services, offender services, local authority and the education sector.

For more information please visit www.riverside.ac.uk

"THE STAFF AND ALL MY PEERS HAVE MADE THE EXPERIENCE UNFORGETTABLE."

EDUCATION

Foundation Degree in Education (FdA)

This course provides an excellent opportunity for teaching assistants, learning support workers and teaching and learning mentors to build on their knowledge and experience of working in education.

It will enhance your understanding of your current professional role and support career progression and professional development.

The course is specifically designed for people who wish to combine work and study. In addition to this, the course provides a route towards obtaining a degree and further professional qualifications.

Top-Up BA (Hons) Education

This year long course offers students with a level 5 qualification the opportunity to top up your qualification to a full bachelor's degree.

Careers in Education

You may progress to employment within family and children centres, care support, educational administration and management, play work, learning support and many other educational contexts. Alternatively, you may enter primary teacher training through PGCE Primary, Schools Direct, Schools Direct (salaried) and SCITT routes.

For more information please visit www.riverside.ac.uk

Awarded by Staffordshire University

Start Date: September

Duration: 2 year

Days/Evenings per week:
4 hours

Entry Requirements:

- GCSE English at a minimum of Grade C/ Grade 4 (or equivalent).
- (Cert Ed pathway) A Level 3 qualification in the subject/ skill area you wish to teach.
- (PGCE pathway)
As above PLUS normally a 2:1 classification degree.
- Current satisfactory enhanced DBS.
- Take part in a Step into Teaching Day at College

In addition for both awards:

- 100 hours teaching practice and access to a subject specific mentor.

TEACHER EDUCATION

Certificate in Education (PCET) - Level 5

Post Graduate Certificate in Education (PCET) - Level 7

This course will provide a generic route for those wishing to follow a teaching career in the Further Education and Skills Sector, for example further education colleges, sixth form colleges, work based learning, adult and community learning, the Police, Prison and Fire Services, the National Health Service and also across the many private sector training companies.

In addition, there are now teaching opportunities in some schools and academies for post-compulsory teachers, particularly for teachers who can offer a vocational subject.

You will study with trainee teachers from a variety of educational settings. Paid or voluntary teaching experience is a key feature of the course. You may also be able to undertake your teaching experience at the College.

Careers in Teacher Education

Upon completion, successful teachers can undertake a period of professional formation leading to the achievement of Qualified Teaching and Learning Status (QTLS).

If you have completed the Certificate in Education you may be eligible to progress onto a degree level course in Education.

If you have completed your PGCE you may be eligible to progress on to a Master Degree in Education.

For more information please visit www.riverside.ac.uk

"THE TUTORS ARE FANTASTIC; THEY GO ABOVE AND BEYOND. CAN'T PRAISE THEM ENOUGH."

Riverside College HE Spring Survey 2021

Start Date: September

Duration: 1 Year

Days/Evenings per week:
3 days

Entry Requirements:

GCSE English at a minimum of Grade C/ Grade 4.

Plus 32 UCAS points from one of the following:

- Level 3 Advanced Diploma in Media and Fashion Makeup with Special Effects.
- 2 A Levels at a minimum grade D/3 (one of which should be art related).
- Vocational – Level 3 BTEC National Extended Diploma in an art related subject

For mature students over 18, suitable work experience may be taken into consideration instead of formal academic studies.

Applicants with professional experience will also be considered.

MEDIA MAKEUP

HNC in Performing Arts (Technical Arts)

The HNC in Performing Arts (Technical Arts) aims to prepare students for a range of technical, professional, and management career opportunities in Performing Arts and Media Makeup by providing units that are hugely relevant to occupations and professions in which students intend to seek employment.

During your course you will study units including, Advanced Special FX, Advanced Hair, Makeup Application, Fashion and Fashion Editorial Hair and Makeup, Period Hair and Makeup, Stagecraft and Professional Development.

Students studying on the HNC and HND will have the opportunity to work on live briefs through established links with theatre production companies, fashion houses and makeup specialists. A variety of assessment methods will be used throughout the programme including, sketch book evidence, assignments, presentations, and practical application.

For more information please visit www.riverside.ac.uk

**NEW
FOR 2022**

Start Date: September

Duration: 1 Year

Days/Evenings per week:
3 days

Entry Requirements:

For entry on to the HND, candidates will need at least a pass at HNC Performing Arts (Technical Arts), or an equivalent level 4 qualification, with a compatible unit structure and GCSE English at a minimum of Grade C/Grade 4.

An interview for new students is required, where you will need to prove some experience in design, hair and make-up, production arts, or equivalent, with a satisfactory reference and portfolio of work.

Mature students with relevant experience may also be considered.

New for 2022

HND Performing Arts (Technical Arts)

This HND course explores each specialist area in further detail, whilst developing new techniques and competencies for a successful career in the industry.

Topics included in the HND programme include The Freelance Makeup Artist, Advanced Special Effects 2, Creative Research Project, Management Role and Advanced Hair & Makeup Design. The course also offers the module; working in creative education, which allows students to gain valuable experience in a teaching or training role which opens further career options.

Careers in Makeup and Special Effects

After completing the HNC /HND students may wish to pursue a career in advanced makeup and special effects in a role that requires advanced makeup artistry, for example within retail, and both commercial and theatrical settings. Students may also work within television, film and stage to create makeup, hair and prosthetics. Students may also wish to continue their studies on a one year "top up" to gain a BA (Hons) degree.

PRE UNIVERSITY COURSES

If you do not have the qualifications or experience required, or are not quite ready to study on a higher education programme, we have a wide range of courses designed to prepare you for higher education courses with us or at university.

Full details of our courses can be found on our website www.riverside.ac.uk or by emailing our Adult Admissions Team on advice@riversidecollege.ac.uk. If you are unsure if you have the entry requirements for any of our courses, please enquire and we will advise you of the best route for you.

Level 2 Preparation for Access

This is a one year programme designed for anyone who needs to build up their English and maths GCSE profile in order to gain entry on to their chosen Access pathway. You will also be prepared for university study through our study skills programme.

Access to Higher Education Level 3

The Access to Higher Education (HE) Diploma is a one year level 3 qualification which prepares you to study at university level.

Our access pathways can progress you on to many careers, such as:

- > Social Work - including Youth Work
- > Forensic Psychology and Forensic Science
- > Working for the Criminal Justice System
- > Nursing - Adult, Children's and Mental Health
- > Midwifery
- > Physiotherapy, Occupational Therapy, Paramedics
- > Primary and Secondary Teaching
- > Engineering
- > Museum Curator
- > Business and Marketing
- > Accounting and Finance
- > Animal Management
- > Biological Science

Award in Education and Training

The 14 week programme covers the basics of teaching in continuing and adult education including how to plan sessions, motivate learners and use a variety of assessment methods. After this programme you may be eligible to progress on to the Certificate or Post Graduate Certificate in Education.

Level 2 and 3 Counselling Courses

The Level 2 Certificate in Counselling is a 15 week part time course, and the Level 3 Diploma in Counselling is a one year part time course. After successful completion of the Level 3 Diploma in Counselling students can progress on to one of the Foundation Degrees in Counselling and the top up to full degree.

Professional AAT Accounting

The AAT (Association of Accounting Technicians) qualifications are internationally recognised and respected by employers. Studying AAT with us allows you to change your career, progress in your job or make the most of a career break.

We have part time day and evening AAT courses at Level 2, 3 and 4 starting in September visit www.riverside.ac.uk for more information.

Funding and Advanced Learner Loans available, please enquire.

HIGHER APPRENTICESHIPS

Higher Apprenticeships are an exciting opportunity to develop your skills, knowledge and qualifications to the highest level whilst continuing to earn a salary and progress your career.

Apprenticeships combine work with 'off the job' study working to specific industry standard linked to your job role. The apprenticeship is supported by your employer and at the higher level, your job needs to have responsibilities either at supervisory/management or higher technician levels.

Higher Apprenticeship training costs are fully subsidised by the Government and your employer.

At Riverside College we offer higher level apprenticeships in the following Standard:

- > Level 4 Professional Accounting or Taxation Technician
- > Level 4 Network Engineer
- > Level 4 Assessor Coach
- > Level 5 Operations or Departmental Manager
- > Level 5 Leader in Adult Care

How does it work?

As a Higher Apprentice you will be assigned a tutor/assessor who will visit you in your workplace regularly to support you to complete any project work and assess the development or work place competencies and behaviour.

Your Apprenticeship will include 'off the job' training to support your knowledge and understanding, often including additional qualifications and study at college. You will need to complete an End Point Assessment to achieve your apprenticeship.

For more detailed information, please contact our dedicated Apprenticeships Team on 0151 257 2828 or by emailing enterprise@riverside.ac.uk

HOW TO APPLY

Apply direct to us, no need to apply through UCAS. You can apply online via the website, **www.riverside.ac.uk**, or email **advice@riverside.ac.uk** and we will send you an application form.

Most of the courses featured in this guide will require an admissions interview. We will contact you with a date for your interview where we will be able to answer all of your questions and make sure the course is right for you. We will also discuss any financial or other support available to you.

For more information on anything featured in this guide please go to our website at **www.riverside.ac.uk** or email our admissions team on **advice@riverside.ac.uk**.

You can also come along to our Open Events to speak to tutors and ask any questions.
Visit our website for event dates and times.

We make every effort to ensure that the information in this guide is correct at the time of publication (November 2021). However, we reserve the right to make changes to our course offering for operational reasons.
